

**Environmental classification – Corrosion resistance**

Manufacturer : **COGELEC SA**  
 Address : **370, rue de Maunit - 85290 - Mortagne sur Sèvre – France**

1- Topic

Evaluate the performance of products placed in a salt-mist atmosphere.  
 The test program was performed at the request of COGELEC SA.

2- Products Ident

V4 Video Intercom            02-0182 / 02-0183 / 02-0189

3- Acceptance criteria

Test according to the EN1670 (2007) standard requirements:

- Grade 3 – High resistance, defined by outdoor use with occasional or frequent rain or dew
- Duration of exposure: 96hrs
- Neutral Salt spray test procedure under ISO 9227 (2017) standard.

4- Test results

Test and visual control performed by EMITECH Laboratory with report R240-PNN-19-102473-2/A (00), from 17<sup>th</sup> to 21<sup>th</sup> May 2019  
 The tested samples hold their functions after the exposure duration of 96hrs.

5- Conclusion

Products	EN 1670 Exposure Class	Results
V4 Video Intercom	Achieved 96hrs exposure	Pass Grade 3
